

Listening to Topics in Video Game Music

Name: _____

Scan the QR code below or [click this link to access a folder of .mp3s](#) organized into four groups (A, B, C, and D). Although each group has music from five different video games, each group also represents a single type of location across those video games. You will listen to each group of .mp3s, and then indicate which location you think is being represented.

Each group will represent one of the following locations:

- Air/Flying
- Arctic
- Beach
- Cave
- Factory
- Field
- Forest
- Lava
- Outer space
- Town
